

OCEAN DIVA

— LONDON —

Welcome  
aboard...

The UK's first revolutionary  
CO2-neutral event venue  
on the Thames.

# Oceandiva London Concept

### Freedom of the waters

One of the best ways to explore and experience London is by river. The perfect energy of the Thames is a stunning setting for any event. Oceandiva London's crew will take you and your guests on a sensational journey through the City.

### Access to the City

Oceandiva London will make home in the heart of the City. Whether static or sailing down the Thames, Oceandiva London connects you with London's iconic landmarks and surroundings.

### A blank canvas

Oceandiva London is your blank canvas on the water. The vessel's state of the art design and capabilities allows you to customise and create an event that brings your vision to life.

Drinks Receptions • Gala Dinners • Product Launches • Conferences • Award Ceremonies • Private Celebrations

OCEANDIVA  
— LONDON —

# The Vessel.

Spanning across three decks, this unique blank canvas venue, provides clients the ability to host sensational events on the river, whether static or sailing, in the heart of the City.

The vessel is 86m in length and 17m in breadth, making it the largest floating events space on the Thames, with capacities of 600 seated and 1,500 standing.

OCEANDIVA  
LONDON

# Floor Plans

Oceandiva London has over 2,625m<sup>2</sup> of unimpeded events space.

- External Guest Areas
- Internal Guest Areas
- Back of House
- Boat Crew Only

### Upper Deck

With its spectacular views of London the Upper Deck is the ideal space to welcome your guests on board and create the perfect backdrop for your event.

- External Guest Areas
- Internal Guest Areas
- Back of House
- Boat Crew Only

## MAIN DECK 220 DINING CAPACITY

## Main Deck / Viewing Platform

The large viewing platform offers a fantastic view of the main floor. With natural daylight you can experience London's iconic landmarks from within the vessel.

## LOWER DECK 380 DINING CAPACITY

## Lower Deck

This 6 metre high epicentre offers endless opportunities for your event. The flexibility of this space combined with the high tech production spec, will leave you and your guests with the ultimate Oceandiva London experience.

# Oceandiva London uses the latest marine technology...

## Safety

All onboard safety and lifesaving equipment is in line with Lloyds Register, MCA and London Port Authorities safety codes for passenger ships sailing on the Thames.

## Propulsion, Bow Thruster & Electrical

The vessel is powered by two independent Samsung Lithium battery packs, charged by a green power shore connection and mounted solar panels.

## Heating, Ventilation & Air Con

An advanced airflow, heat recovery and onboard cooling system is regulated with the temperature of the Thames resulting in a 60% reduction in power used.

## Sewage

An onboard recyclable system allows all waste water produced to be treated onboard with a MBBR system, which cleans and repurposes water to a standard that surpasses PLA requirements.

## WIFI & CCTV

The vessel has multiple diverse internet connectivity with the latest 5G Comms. The latest CCTV allows the vessel to be monitored across all spaces, ensuring safety of all passengers and crew onboard.

# Sailing towards a greener future

For each and every event held onboard Oceandiva London, we will be able to leverage technology to help us track and measure the carbon impact of the entire event. Working with industry body isla, we will be able to determine where any carbon emission reductions can be made across the lifecycle of an event; from sourcing, energy used, food and beverage choices to audience travel and everything else in between.

By measuring our carbon emissions, per event and on an annual basis, we are able to balance them through tree-planting and the purchase of carbon units via the Woodland Carbon Code (WCC) and the funding of projects certified by Verified Carbon Standard (VCS). We are committed to creating a more sustainable future today.

# Freedom of the waters

Oceandiva London has the unique ability to embark & disembark from the piers detailed above.

Smart Group are London's leading events and hospitality provider.

# About us.

OCEAN DIVA  
LONDON

Smart Group is a dynamic collection of hospitality, venue, catering and event management businesses, with over 25 years of experience in the hospitality and events industry.

The Group hosts, caters and manages over 600 events per year, worth in excess of £50 million revenue, from international sporting and cultural events such as Silverstone Grand Prix, Royal Ascot Village and Lord's to corporate and charitable functions including Children in Need, Google and Adobe. Smart also cater across iconic London venues including the Natural History Museum, Kensington Palace, Illuminate and Old Billingsgate, including their flagship venue Evolution London which is owned and managed by Smart Group.

LONDON

# Smart Group

As a business, we believe that good environmental practice is also good economic practice. We are committed to achieving both at a local level and within communities where we can make a positive impact; including the responsible use of local resources, the integrity of our supply chain; developing our people, the health and wellbeing of our colleagues and clients and minimising any affect that we can have on the environment.

Zero land fill policy, with full recycling services including food waste.

Charitable contributions, with over 50,000 NHS meals cooked and delivered to the frontline.

Use of green energy solutions, pledging 100% renewable by 2030.

Green Smarties Team volunteer throughout the year for multiple worthwhile causes.

Reduced distance, travel times and number of journeys through efficient scheduling.

OCEAN DIVA

LONDON

# Catering

Local and seasonal sourcing goes hand in hand with reducing food miles and our collective carbon footprint. We are committed to buying products of the highest quality and as a fresh food company over 80% of the produce we source is brought in fresh. We focus on seasonality and sustainability and where possible buy food that has been produced in the UK.

90% of our Leaf Marque assured fruit and vegetables are sourced in Britain.

Our meat is Red Tractor assured produce and 100% sourced in Britain.

Every tonne of food waste is recycled by anaerobic digestion and as an alternative to landfill, prevents approx. 1.0 tonne of CO2 entering the atmosphere.

All our products are sourced from sustainable, certified, ethical trade or Fairtrade sources in line with the BRC Global standard.

We only use fish from sustainable stocks, promoting fish recommended by the Marine Conservation Society (MCS).

Our chicken is Freedom Food certified and 100% free-range, as our eggs that carry the Lion Mark.

MOVING VENUE

OCEAN DIVA

LONDON

# Exceptional catering experiences

All of Moving Venue's menus are carefully considered from field to fork, always with seasonal ingredients, producing bespoke, vibrant and expertly crafted catering at their extraordinary events. They are experienced in ensuring their menus are deliverable for all events whilst ensuring innovation and creativity, using seasonal and sustainable ingredients, is always at the forefront of their creations.

# Sustainable catering

Local and seasonal sourcing goes hand in hand with reducing food miles and our collective carbon footprint. We are committed to buying products of the highest quality and as a fresh food company over 80% of the produce we source is brought in fresh. We focus on seasonality and sustainability and where possible buy food that has been produced in the UK.

Recognising food waste is a huge contributor to climate change, Moving Venue have made a pledge to reduce their food waste by 50% by 2025. We will achieve this by taking a considered approach to deliver meaningful step changes over time.

OCEAN DIVA

LONDON

Oceandiva London have selected Encore as the exclusive AV and technical partner and have installed an extensive technical infrastructure.

# Production.

# Production

Encore offer a complete creative technical production service for all types of events, from design and visuals through to lighting, sound, video, set design and build, rigging and power installation.

They are committed to leading the industry in minimising the impact its activities have, by continuing to integrate environmental considerations into its business decisions and adopt greener alternatives.

# Standard production specification

Encore have invested in a comprehensive technical infrastructure, to provide the highest levels of production for your events at a realistic budget. Every event will be complete with a base lighting and sound package, with further optional packages to suit varying levels of budget, allowing us to scale the full production offering to suit your event.

- Up to 90 lighting fixtures above the stage and dancefloor
- LED wash and breakup lighting throughout the vessel
- Comprehensive sound system with full coverage of all spaces
- Up to 42m<sup>2</sup> of high resolution LED wall to display your content
- Relay screens throughout the venue to ensure that your guests have a 360° event experience

*Exact quantities will vary depending on your chosen package, please speak to your Oceandiva London Account Manager to discuss your requirements.*
